Red Cross

- Saturday night, the Red Cross and our partners cared for nearly 700 Californians seeking refuge from wildfires in over 30 emergency shelters and campsites. Since July, we've provided more than 8,300 overnight stays for people in need.
- Many evacuees are choosing to stay in RVs or tents. Anyone who has been affected by the fires is welcome to stop by a shelter to get a hot meal, take a shower and access other support.
- Since the fires began, more than 500 Red Cross disaster workers have supported relief efforts in person or virtually.
- Almost 300 disaster responders are still active across the state supporting the current relief operations.
- With the help of partners, the Red Cross has provided more than 66,000 meals and snacks and distributed over 1,600 relief items including comfort kits, fire kits, and other supplies to help people in need.
- Trained Red Cross volunteers are helping evacuees cope as they await news about whether they will have a home to return to. Volunteers are also replacing prescription medications, eyeglasses or critical medical equipment, like canes and wheelchairs, that were left behind in the rush to get to safety.
- Volunteers have already made more than 6,000 contacts providing emotional support, health services and spiritual care for people who've been evacuated.
